

CHAPTER 5

Part II. Deepening Your Insight

1. How do the second three days repeat God's creation order found in the first three days? _____

2. What is the main lesson to be learned from the story about the men from Irian Jaya who discovered the typewriter? _____

3. Why is one's belief in the beginnings of creation ultimately a matter of *faith*?

4. Explain how the Second Law of Thermodynamics is a powerful evidence against the basic principle of the evolutionary theory: _____

5. How could a worldwide flood have produced the world's great coal and oil deposits in a very short time, rather than requiring millions of years? Why is the flood a more scientifically logical explanation? _____

6. Study the following references regarding cherubims (Genesis 3:24; Exodus 25:16-22; Exodus 26:31-35) and seraphims (Isaiah 6:1-7).
 - a. Which group of angels especially maintains God's justice and law? _____
 - b. Which group especially maintains God's holiness? _____
7. List four distinctions between the creation of people and angels:
 - a. _____
 - b. _____
 - c. _____
 - d. _____
